contrary to the universally held and politically correct opinion jewish ritual murders are not an anti semitic prejudice or an evil blood libel which originated in the dark middle ages but are quite real and have existed for about 1 000 years nor is it true that confessions to such murders were always extorted under torture the fact is that the reality of jewish ritual murders perpetrated by religious fanatics from the sect of the hasidim has been repeatedly proven in modern trials using modern rules of evidence as it happened so many times in the russian empire in the 19th and early 20th century before this country succumbed to judeo bolshevik tyranny in 1917 quite a rich literature on this subject dating back to the pre bolshevik period exists in the russian language two very important studies the murder of andrei yushchinsky by g g zamyslovsky 1917 and a memorandum on ritual murders by v i dal 1844 were recently translated into english by jrbooksonline and are available through lulu com the present short book was written by i i lyutostansky in 1911 following the ritual murder of andrei yushchinsky a 13 year old boy in kiev brief information on this and other ritual murder cases which occurred both in russia and abroad is presented here ippolit
